# TESTIMONIALS

“ Manchester is where I was born and raised. It’s safe to say I am biased to the accessibility and people of that city. When I moved out in my early 20s, I looked and looked before knowing Nashua was the place for me. It feels like home just as much as Manchester now. Spots like this offer ease-of-living being close to major multi-lane shopping areas while also becoming a regular at local-owned small businesses. Even if I had not been raised in a wonderful community as I was, I am certain I would have been able to find it here.

“ Nashua is a wonderful town in Southern NH where you get to experience the beauty of four seasons in all their glory (Fall is stunning!). We love how self-sufficient the town is when it comes to catering to the needs of a growing family – high quality daycares, great school systems, reliable medical care, malls, big-box stores, farmers markets, multiple nature trails and parks. Nashua’s proximity to Boston is a big plus, just an hour away to enjoy the eclectic food scene and bustling city activities.

“ Shortly before starting my career with Crane, I moved to Litchfield, NH which has turned out to be a great decision for me and my family. We love being in such a nice rural town with great schools and tight-knit communities so close to both major area cities (Nashua and Manchester). It is also great to have mountains, seacoast, and Boston all within about an hour’s drive.
